## “Solution Driven Approach for Multifunctional Photoprotection”

Skin health and premature aging could be protected through sustainable and scientifically credible solutions.

Skin aging is a combination of genetic and external factors. Main factors that are responsible for 80% of extrinsic aging is the cumulative damages from sun exposure, especially ultraviolet (UV) radiations and photoaging. Sun care is the new skincare, and this has led us to Sunification trend where the skintellectuals are looking for sun care products imbued with skincare benefits such as anti-aging solutions intensive moisturizing properties and soothing or anti-inflammatory elements. Sun induced biological pathways target lipids, proteins and DNA in the skin leading to clinical consequences such as wrinkles, sagging, sun allergies and skin cancer. Sun acute stressors affect main functions of the skin such as barrier, pigmentation, defense, structure, neuroendocrine and thermoregulation. Each of these functional abnormalities caused due sun exposure could be treated with a solution driven formulation approach. For example, the dark spots or white spots resulted from chronic or high sun exposure leading to cell dysfunction can be treated with the formulation developed with melanin-regulated technology.

In addition to Sunification of skin care, a hybrid format trend has emerged which has created more demand for proof behind the beauty claims and offering solutions through ingredient-led products.

### Abhijit Bidaye Bio:

Abhijit Bidaye is the Applications Manager – Consumer Care at Croda Inc. During his 26-year career in the personal care industry, he has spent 23 years of his employment on the supply side of the industry with Croda Inc. in both Skin Care and Hair Care. His current focus is on Sun care, Color cosmetics and Sustainable innovation. Abhijit is a graduate of University of Cincinnati MS in Cosmetic Science program. He has BS in Pharmacy from University of Pune, India. He has presented at various industry related events and has chaired NYSCC Sunscreen symposium events.

# *SCC Southeast Chapter 2023 Suppliers' Social Evening*

**June 22, 2023, 5:30 pm — FedEx Event Center at Shelby Farms**

**415 Great View Drive East, Memphis, TN**

Plan to join us for our 2023 Suppliers' Social Event, at the FedEx Event Center at Shelby Farms in Memphis, TN. Enjoy the views and sunset at this wonderful venue in Shelby Farms Park. As you enter the park, you may catch a glimpse of the Bison herd that makes its home in the park. Plan to join us for a night of great fellowship and fun including dinner catered by Central Barbecue, drinks, door prizes and more!

The levels of supplier sponsorship available for this event are:

\$600 Platinum Sponsorship

\$450 Gold Sponsorship

\$350 Silver Sponsorship

\$750 Cocktail Sponsorship

## Chatting with the Chair

Greetings fellow SCC members and supporters. We just wrapped up a great dinner/presentation in Chattanooga. It was our first time as the SESCC at the restaurant Stir but it happens to be one of my favorite places in town. It was great food, good people, nice presentation, what more could we ask for. Even the weather cooperated.

Some people can definitely throw an ax!

The Southeast chapter covers a rather large geographical area. Your officers really want to make sure that our chapter members have an opportunity to attend at least one meeting a year.

**Our Second SESCC Meeting is May 18<sup>th</sup> in Johnson City Tennessee, at the Carnegie**

**Hotel :<https://www.carnegiehotel.com/>**

This will be my first time to visit our chapter members in Johnson City. It has a great reputation as a nice place. The locals recommend that if you come for the event you should stay for the weekend.

The Southeast Chapter is working with the Carolina Chapter to improve the support of our members in both chapters that live near Johnson City, so everyone is invited to come. And a strong shout out to Cheryl Seidell, Chair Elect of the Carolina Chapter, for helping us put this together and Croda, Inc. for sponsoring the Cocktail hour for the meeting.

I would like to thank Dexter Williams. He has worked tirelessly to represent the Johnson City corner of our chapter. Without his efforts this would not have happened. As a note his favorite place to visit near Johnson City is Buffalo Mountain Park. If you have a few minutes and like to hike Dexter says it is beautiful. [https://www.johnsoncitytn.org/residents/parks\\_and\\_facilities/residents/buffalo\\_mountain\\_park.php](https://www.johnsoncitytn.org/residents/parks_and_facilities/residents/buffalo_mountain_park.php)

Please RSVP and as always come on out, catch up with old friends and make some new ones.

I hope to see you there.

Sincerely,

***Stephen Baldwin, 2023 Southeast Chapter Chair***

Just for fun, three Chucky facts:

Chuck Norris destroyed the periodic table, because Chuck Norris only recognizes the element of surprise.

When Chuck Norris enters a room he does not turn the light on he turns the dark off.

One of my top 5 favorites, which I may have shared already.

“Do you know why Chuck Norris has never had a street named after him? Because no one crosses Chuck Norris and lives.”

- Tailored Zinc Oxide products for UVA, UVB & transparency
- Natural and photostable
- Non-penetrating and safe

#### Zano 10 & Zano 10 Plus

Greatest balance between UV protection & transparency

#### Zano 20 & Zano 20 Plus

Highest level of transparency with sufficient levels of UVA to meet CWL requirements

#### Zano M & Zano M Plus

Highest level of UVA protection with a CWL boost

## Spelman College

### Cosmetic Science Certificate Program

Spelman College now has a Cosmetic Science Certificate program available! Under the direction of Dr. Leyte Winfield, Professor of Chemistry and Biochemistry, Division Chair, Natural Sciences and Mathematics, and eSpelman Cosmetic Science Certificate Program Leader, this online certificate program will cover the historical trends that inform beauty practices in communities of African descent, basic formulations for creating products for hair, skin, nails and teeth, effective terminology describing ingredient structure, safety, stability and function in a cosmetic product, and regulations governing production and marketing of cosmetics.

For complete information about costs, start dates, prerequisites, and the course listing, click the link below:

<https://www.spelman.edu/espelman/cosmetic-science>

## Banana Pudding<sup>1</sup>

### Ingredients

- 1 (12-oz) container frozen whipped topping, thawed
- 1 (14-oz) can sweetened condensed milk
- 1 (8-oz) packaged cream cheese, softened
- 2 cups milk
- 1 (5-oz) box French Vanilla instant pudding mix
- 6– 8 ripe bananas, sliced
- 2 bags chessmen cookies

### Directions

Place one bag of cookies in a single layer on the bottom of a 9 x 13" pan. Layer bananas on top.

Combine the milk and pudding mix in a bowl and blend well with an electric mixer.

In a second bowl, mix the condensed milk and cream cheese until smooth, and fold in the whipped topping. Add the cream cheese mixture to the pudding mixture and stir until well mixed.

Pour the mixture over the bananas and cookies and cover with the remaining bag of cookies.

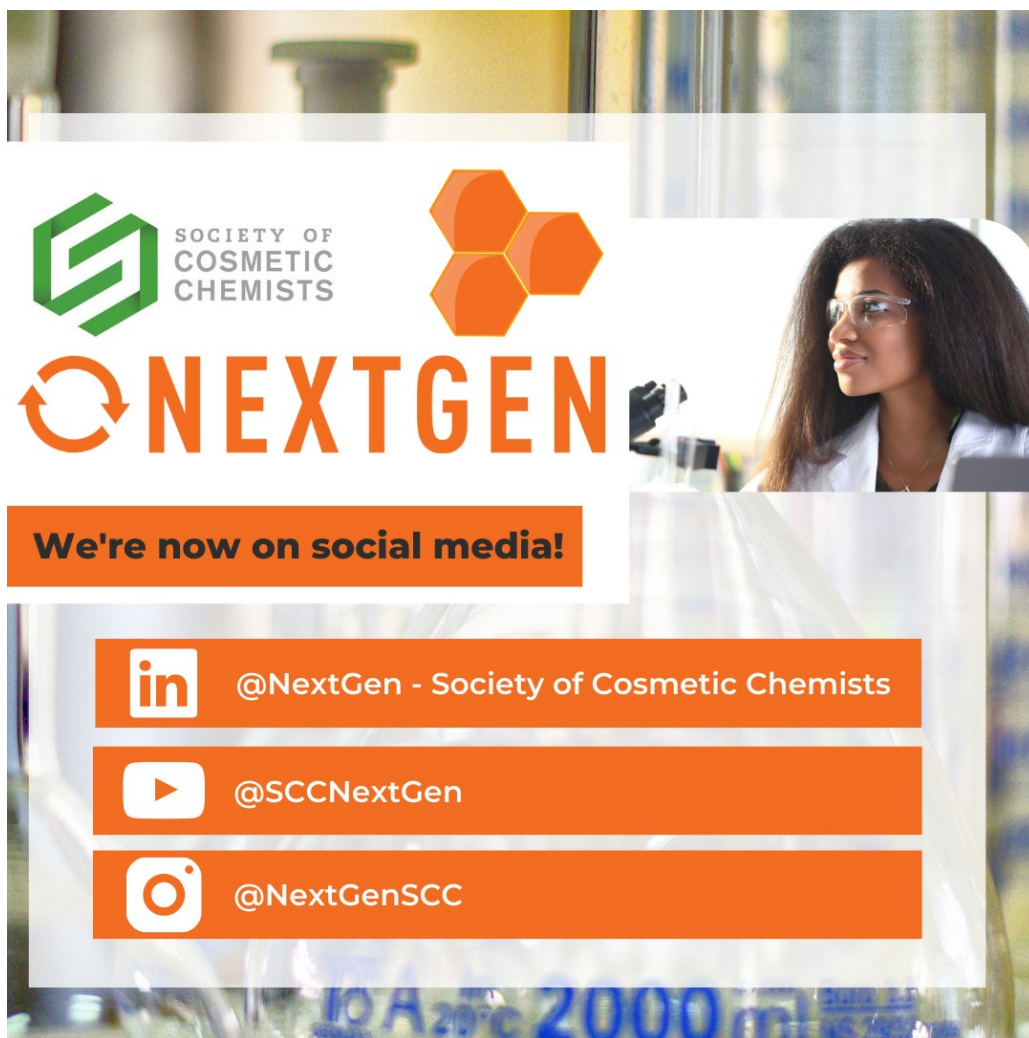

Refrigerate until ready to serve.

*SCC Southeast Chapter March 2023 Meeting, Chattanooga, TN*

**The Society of Cosmetic Chemists HQ's NextGen Advisory Group would like to invite your chapter to collaborate with us!** The purpose of the NextGen Advisory Group is to assist with strategy development to increase program visibility, engagement, and impact of our programs to next generation of cosmetic chemists. Our efforts are currently focused on social media, outreach, education, and career development for Student, Junior, and early careerist General members.

We are seeking opportunities to talk with undergrad and grad students as well early careerists in cosmetic science to help keep the Society of Cosmetic Chemists' membership growing and help prepare them for careers in our industry. We are collaborating with the Chapters to produce career development-focused events in the coming months.
