## **Clean Beauty Elegant Sunscreen Technology Incorporating Mineral Sunscreens and Natural Boosting Actives"**

Clean Beauty is a growing trend and is focused on simple easy to follow ingredient labels, as well as more natural ingredients. In addition, recent limitations on sunscreen filters are making it more difficult to formulate elegant products that meet higher SPF claims. This presentation will address how it is possible to meet these trends and still achieve an elegant emulsion for skin care and even sunscreen formulations.

Using an amphiphilic polymer, we can create elegant emulsions that do not require any co-emulsifiers. This system can incorporate very high oil and mineral loading, and is versatile enough to create a range of unique rheology's and textures. The particle size distribution and film forming properties make it ideal for sunscreen formulations.

The presentation will also cover two other key ingredients used in making our clean beauty sunscreen formulas. The first is a marine derived bioactive that demonstrates multiple photoprotection activities that will aid in boosting UV protection. This material will be shown to protect the elastin network from blue light damage, as well as reduction of sunburn cell formation. In addition, recent testing demonstrates intrinsic UV absorbing properties and an SPF boost in a dose-response manner. The second featured ingredient is a natural, broad spectrum preservative. The chemistry of this ingredient and its preservative testing will be presented.

Formulations will be shown demonstrating the ability of these technologies to create a wide range of product forms and textures.

### **Joy E Roederer, PhD**

Dr. Joy Roederer is Vice President of Research and Development for Integrity Ingredients Corporation, a leader in high quality ingredients and superior customer service. Dr Roederer has expertise in ingredient technologies, and has led product development, market innovation, and technical & Regulatory affairs at major corporations including SC Johnson, BF Goodrich / Lubrizol, and Guthy-Renker. Her role at Integrity Ingredients is guiding technology development and formulation applications for the product portfolio.

Dr. Roederer received her BS Chemistry degree from Texas Lutheran University, and earned her PhD in Analytical Chemistry from Texas A&M University. She has served the SCC as Chair of the Southwest Chapter, Chair of the California Chapter, Area III Director, posts on the SCC Constitution & Bylaws and Nominations & Elections Committees, and student outreach including the SCC Future Scientists Initiative.

## Message from the Chair

Dear Members & Friends,

Hello and greetings from the Chapter Chair! Hope everyone is doing well!

We had our annual supplier social night on June, 19<sup>th</sup> at Brooks Museum of Art. Thank you to those who were able to attend the meeting. Hope everyone had a great time enjoying the beautiful breathtaking artifacts at Brooks Museum along with catching up with old friends and fellow members.

Again, a very special thanks to McCullough and Associates for sponsoring the cocktail hour! And also, a very special thanks to our silver, gold and platinum sponsors. We truly appreciate your continuous support to the South East Chapter!

Our next chapter meeting will be on October 17<sup>th</sup> in Murfreesboro, TN at "The Parthenon Grille" restaurant. Please plan to join us for a very informative lunch and learn session with Dr. Joy Roederer from Integrity Ingredients Corporation. Dr. Roediger's presentation topic is "Clean Beauty Elegant Sunscreen Technology Incorporating Mineral Sunscreens and Natural Boosting Actives". As we all know clean beauty and natural ingredients are growing trend in the industry. As a formulator myself, I am always looking for options to implement these new ideas and technologies into product development. I am looking forward to Dr. Roederer's presentation and hope you do too!

So, mark your calendar and join us on October 17<sup>th</sup> in Murfreesboro!

Look forward to seeing you all!

Avantika Bandopadhyaya

## California Chapter Suppliers Day 2019 Exhibition

Wednesday October 2<sup>nd</sup> & Thursday October 3<sup>rd</sup>,

CA Suppliers' Day serves as one of the most important North American events on the industry calendar. The event attracts thousands of the industry leaders in the market and has become the showcase for the latest innovations, on top of being an excellent networking opportunity. This is the ideal show for raw material suppliers, testing labs, equipment, regulatory, packaging and contract manufacturers.

### Event Location

Long Beach Convention Center  
300 Ocean Blvd  
Long Beach, CA

Click on the Supplier's Day Logo above for more information and to register for the event.

### NEXTGEN INITIATIVE

Launched in 2015 by the Society of Cosmetic Chemists, the NextGen Initiative was created to help young professionals and students further their education to attain successful and rewarding careers. Bridging the gap between young professionals and established professionals is at the heart of this critical initiative. Brought about by a need to align education and training with workforce needs, our mission is to attract, educate and provide for the advancement of our members.

View the official [NextGen Flyer](#) or <https://www.scconline.org/nextgen/> for more information!

The Southeast Chapter wants to invite all of our members and friends to share the NextGen information with young scientists, students, professors and friends who may consider the opportunities offered in a career in Cosmetic Science and all of the advantages that the Society can provide for it's members. For more information, check the links above, or contact:

Avantika Bandopadhyia, J. Strickland & Co., 662-890-2306 or [abandopadhyia@jstrickland.net](mailto:abandopadhyia@jstrickland.net).

For more information and to register

## Where the world connects for the best cosmetic science!

The premier conference for cosmetic science education is December 17-18, 2019. This year, we'll feature 35 podium lectures covering the latest research and innovation in **Cannabidiol (CBD) for Cosmetics, Skincare & Beyond, Advanced Hair Science, Color Cosmetic Innovations, Skin Microbiome, and Green/Sustainable Formulations.**

The Annual Meeting convenes over 1,300 attendees from some of the top cosmetic/personal care brands and manufacturers - who in the past have included **Aveda, Avon, Bayer Consumer Care, Chanel, COTY, The Estee Lauder Companies, Henkel, John Paul Mitchell Systems, Johnson & Johnson, L'Oréal, Mary Kay, Procter & Gamble, Reckitt Benckiser, Revlon, Rodan + Fields, Shiseido, Unilever, Zotos International** and so many others.

## CEP Courses for 2019

### **Molecular Biology for Cosmetic Chemists** - OCTOBER 1, 2019 (9:00 AM – 5:00 PM PACIFIC TIME)

HELD IN CONJUNCTION WITH CALIFORNIA SUPPLIERS' DAY

Instructed by **Howard Epstein, PhD; EMD Performance Materials Corporation**, This introductory course is designed for the cosmetic chemist and others interested in gene expression and molecular biology, without prior experience in this specialized subject matter – [REGISTER HERE](#)

### **The Science Behind Hair Care Claims** - OCTOBER 1, 2019 (9:00 AM – 5:00 PM PACIFIC TIME)

HELD IN CONJUNCTION WITH CALIFORNIA SUPPLIERS' DAY

Instructed by **Trefor Evans, PhD; TRI Princeton**, This course is for people working on hair care products, including but not limited to: Claims Substantiation, Marketing, Product Development, Technology Stewardship, and Ingredient Marketing – [REGISTER HERE](#)

### **Introduction to Sensory Characterization of Cosmetic Emulsions** -OCTOBER 10, 2019 (9:00 AM – 5:00 PM EST)

Newark Liberty International Airport Marriott — Instructed by **Gabriella Baki, PhD; University of Toledo** and **Mark Chandler; ACT Solutions Corp**, This course will be useful for scientists, sales people and cosmetic marketers alike. This includes formulators, quality control chemists, and product development professionals. Raw material sales people will also benefit from learning about sensory testing – [REGISTER HERE](#)

### **Scale Up and Processing Cosmetic Formulations** — October 17, 2019

Held at the New England Chapter Meeting

Instructed by **David Yacko** – [MORE INFO](#)

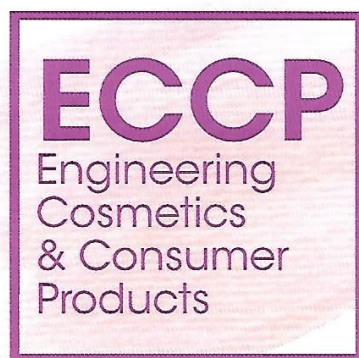

### **Fragrance in Personal Care** — NOVEMBER 6, 2019 (9:00 AM – 5:00 PM EASTERN TIME)

Newark Liberty International Airport Marriott — Instructed by **Steve Herman; Diffusion, LLC**, This training will benefit professionals in the following industries: Cosmetics, Household Products, Fragrance, Industrial & Institutional Products, Pharmaceuticals. – [REGISTER HERE](#)

### **Sustainable Cosmetic Product Development**

November 8, 2019 | Held at the Michigan Chapter Meeting

Instructed by **Wen Schroeder** – [MORE INFO](#)

## SAVE THE DATE

NOVEMBER 9-10, 2019 • HYATT REGENCY • ORLANDO, FL

**The Conference on Engineering Cosmetics and Consumer Products (ECCP)** will discuss research and development as well as process engineering, product engineering, innovation, and packaging.

### SESSION TOPICS:

- Process Engineering
- Product Engineering
- Package Engineering
- Open Innovation
- Regulatory Issues, Safety, Compliance
- Sustainability

Academic, clinical, and industrial researchers are invited to submit their own discoveries. You can also share this invitation with colleagues who might be interested in collaborating. This conference provides a perfect opportunity to share, network, and learn.

Submit an abstract, register, and  
learn more [aiche.org/eccp](http://aiche.org/eccp)

## Meet the Candidates for Chapter Officers in 2020

The Southeast Chapter members have stepped up to volunteer in record numbers this year! Multiple members have volunteered to contribute their time, energy and enthusiasm to the Southeast Chapter as officers for 2020. There are old friends returning and new ones volunteering to help lead our chapter into the future. Our chapter will be using electronic voting for the first time this year. When you receive your ballot, please be sure to participate.

Remember we will still need volunteers for committee chairs to help with recruiting new members, selection of our meeting venues, planning the Suppliers' Social Event, reviewing our Chapter Bylaws and welcoming people to our meetings. If you are willing to volunteer, please contact the 2019 Chair Elect (2020 Chapter Chair) Cubie Lamb – [clamb@jstrickland.net](mailto:clamb@jstrickland.net).

### Candidates for Chair Elect:

Stephen Baldwin, Sanofi  
Jenina Williams-Thomas, J. Strickland & Co.

### Candidates for Secretary:

Ericka Bennett, J. Strickland & Co.  
Tami Thomas, Colonial Chemical

### Candidate for Treasurer Elect:

John Wagner (Retired)

## Support the SCC every time you shop on Amazon!

You can now support the Society of Cosmetic Chemists every time you shop on Amazon! It's a simple and easy way to contribute, at no additional cost to you, to the SCC education fund to help us provide new education opportunities!

When you shop Amazon using the link <https://smile.amazon.com/ch/13-1976655>, you'll find the exact same low prices and convenient shopping experience you're used to with Amazon, with the added bonus that Amazon donates a percentage of the price of eligible items to the Society of Cosmetic Chemists, at no extra cost to you!
