Join us for the Installation of our 2020 Southeast Chapter Officers

We would like to invite our members and friends to join us for the installation of the 2020 Southeast Chapter SCC officers, by our Area IV Director, Dennis Abbeduto. We would like to congratulate the winners of our election and thank them for volunteering and their contributions of time and effort.

Our officers for 2020 will be:

| | |
|-----------------|----------------------------------|
| Chair | Cubie Lamb, J. Strickland & Co. |
| Chair-Elect | Steven Baldwin, Sanofi |
| Secretary | Tami Thomas, Colonial Chemical |
| Treasurer | Molly McEnery, Colonial Chemical |
| Treasurer-Elect | John Wagner, Retired |

Remember, we still need your help! Please contact us if you would like to help with any of our committees on Technical Seminars, House and Hospitality, Membership and Awards or Education and NextGen. Our Chapter runs because of our dedicated member volunteers. If you would like to help with any of our committees, contact Cubie Lamb, clamb@jstrickland.net or 662-890-2306, for more information.

Open your eyes.

Message from the Chair

Dear Members & Friends,

Hello and greetings from the Chapter Chair! Hope everyone is doing well!

We had another great meeting on October 17th in Murfreesboro, TN. Thank you to those who were able to attend. Our speaker Dr. Joy Roederer from Integrity Ingredients Corporation provided an insightful talk on “Clean Beauty Elegant Sunscreen Technology Incorporating Mineral Sunscreens and Natural Boosting Actives”. As we all know clean beauty is a growing trend in the industry and with new restrictions on some of the sunscreen actives, it has been challenging for formulators to create simple elegant formulations. Dr. Roederer’s presentation included some great and innovative ideas to address these concerns. Please feel free to reach out to me directly or our newsletter editor, Cathy Anglin for a copy of presentation.

Again, a very special thanks to Dr. Roederer for finding the time to speak at our chapter meeting!

2019 is almost over, and we only have one meeting left this year. Our next meeting is on November 21st in Collierville, TN at “Jim's Place Grille” restaurant. This will be our Officer Installation meeting. Please plan to join us to welcome our newly elected chapter officers: Chair (Cubie Lamb), Chair Elect (Stephen Baldwin), Treasurer Elect (John Wagner) and Secretary (Tami Thomas).

Last but not the least, a friendly reminder to all members to renew their annual membership. South East is a small chapter and we truly appreciate your active participations. Also, SCC offers free membership for the first year to all student members under their NextGen program. I would highly encourage all students and budding chemists to take advantage of this new initiative. If interested, please reach out to any of the chapter officers for additional information.

Look forward to seeing you all at our Officer Installation meeting on November 21st.

National Merit Award

The Society of Cosmetic Chemists has announced that Southeast Chapter member Anthony O'Lenick (Siltech) will receive the National Merit Award at the 73rd Annual Meeting and Technology Showcase in New York this December. *"Anthony O'Lenick (Siltech) is a name synonymous with volunteerism, distinguished leadership, and outstanding service to the cosmetics and personal care industry",* said Erica O'Grady, CAE, Executive Director/CEO of the Society. *"We are delighted to honor Tony this year with the Merit Award. During his 40-year membership, he has been a tireless champion of the SCC and its mission to advance cosmetic science."* The chapter is proud to recognize Tony as a long time friend, contributor, and past presenter at our Chapter meetings.

We hope that you will be able to attend the Annual Meeting and Technical Showcase in New York to see Tony receive this much deserved reward.

Membership Retention Drive

Please help the Southeast Chapter with our Membership Retention Drive! If 85% of our members we will receive an additional \$1000 from the Society of Cosmetic Chemists over our base annual rebate. This could help provide a great speaker or restaurant for one of our 2020 meetings. Even better, if we retain 95% of our members, we will receive a FREE chapter Continuing Education Course!

Remember that your dues should be paid by December 31, 2019 or you should resign your membership to avoid a \$25 late fee. If you do not resign and don't pay until the first notice is sent to you in 2020, there will be a \$50 reinstatement fee. This cost only covers you for the year that you pay.

If your company has a group of five or more members, you can contact Colleen Daddino, Manager of Membership and Chapter Relations, cdaddino@scconline.org, for a group invoice. You may pay online or mail a check. To pay online go to www.scconline.org. Login using your email address. If you have not changed the password before, the default password is your first and last name initials (capitalized) followed by your membership number.

Help the Southeast Chapter stay strong and help us earn these extra benefits! Voluntary contributions to the SCC have made it possible for all 19 chapters to earn a free CEP course if they meet the 95% member retention level.

Don't forget, we also want to recruit new members, not just retain the current membership. Help to support the NextGen initiative — see the details on page 8 — by reaching out to students at local Universities. Our Society, Chapter and the cosmetic science profession can only grow and thrive if we start to involve the next generation of scientists in this industry. Please see the national website, www.scconline.org or contact Avantika Bandopadhyaya, Abandopadhyaya@jstrickland.net, for additional information.

Society of Cosmetic Chemists Announces Lochhead and Pavlichko as Robert A. Kramer Lifetime Service Award Winners

The Society of Cosmetic Chemists (SCC) is pleased to announce the recipients of the 2019 Robert A. Kramer Lifetime Service Award as Robert Y. Lochhead, PhD (University of Southern Mississippi) and Joseph P. Pavlichko (posthumously). The awards will be presented during the Society's 73rd Annual Scientific Meeting on December 17, 2019 at the Sheraton NY Times Square. The Southeast Chapter is proud to claim Dr. Robert Lochhead as a member, and many of us had the privilege of calling Joe Pavlichko a friend.

Dr. Lochhead has served the society with distinction during his more than 35 years of continuous membership, serving in various capacities from President of the Society to local chapter board service and CEP instructor to journal author," said Erica O'Grady, CAE, Executive Director/CEO of the Society. "Bob is a well-respected academic and industry veteran in the field of polymer science for cosmetics and personal care."

Ms. O'Grady continued, "This year, we are pleased to present the award (posthumously) to a second recipient, Joe Pavlichko, in recognition of his service contributions during more than 41 years of active membership. Joe served as SCC President in 2000 and volunteered countless hours of his time over four decades in support of our founder's vision. Joe passed peacefully on March 28, 2019."

"These two gentlemen have served the Society with distinction during their memberships and the caliber of their character and volunteer spirit are second-to-none. We are pleased to be able to honor and publicly recognize their contributions." said Kelly Dobos, SCC President and Cosmetics Technical Manager for Americas, Sun Chemical Corporation.

NEXTGEN INITIATIVE

Launched in 2015 by the Society of Cosmetic Chemists, the NextGen Initiative was created to help young professionals and students further their education to attain successful and rewarding careers. Bridging the gap between young professionals and established professionals is at the heart of this critical initiative. Brought about by a need to align education and training with workforce needs, our mission is to attract, educate and provide for the advancement of our members. View the official [NextGen Flyer](#) or <https://www.sconline.org/nextgen/> for more information!

NEXTGEN

The Southeast Chapter wants to invite all of our members and friends to share the NextGen information with young scientists, students, professors and friends who may consider the opportunities offered in a career in Cosmetic Science and all of the advantages that the Society can provide for it's members. For more information, check the links above, or contact:

Where the world connects for the best cosmetic science!

The premier conference for cosmetic science education is December 17-18, 2019. This year, we'll feature 35 podium lectures covering the latest research and innovation in **Cannabidiol (CBD) for Cosmetics, Skincare & Beyond, Advanced Hair Science, Color Cosmetic Innovations, Skin Microbiome, and Green/Sustainable Formulations.**

The Annual Meeting convenes over 1,300 attendees from some of the top cosmetic/personal care brands and manufacturers - who in the past have included **Aveda, Avon, Bayer Consumer Care, Chanel, COTY, The Estee Lauder Companies, Henkel, John Paul Mitchell Systems, Johnson & Johnson, L'Oréal, Mary Kay, Procter & Gamble, Reckitt Benckiser, Revlon, Rodan + Fields, Shiseido, Unilever, Zotos International** and so many others.

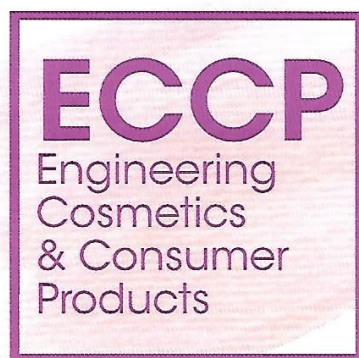

Support the SCC every time you shop on Amazon!

You can now support the Society of Cosmetic Chemists every time you shop on Amazon! It's a simple and easy way to contribute, at no additional cost to you, to the SCC education fund to help us provide new education opportunities!

When you shop Amazon using the link <https://smile.amazon.com/ch/13-1976655>, you'll find the exact same low prices and convenient shopping experience you're used to with Amazon, with the added bonus that Amazon donates a percentage of the price of eligible items to the Society of Cosmetic Chemists, at no extra cost to you!

At our October Lunch and Learn meeting, Dr. Joy E. Roederer of Integrity Ingredients presented "Clean Beauty Elegant Sunscreen Technology Incorporating Mineral Sunscreens and Natural Boosting Actives." Attendees learned about using an amphiphilic polymer to create elegant emulsions and ingredients to aid in boosting UV protection. Samples and formulas were presented after the attendees enjoyed lunch at the Parthenon Grille in Murfreesboro, TN.

SAVE THE DATE

NOVEMBER 9-10, 2019 • HYATT REGENCY • ORLANDO, FL

The Conference on Engineering Cosmetics and Consumer Products (ECCP) will discuss research and development as well as process engineering, product engineering, innovation, and packaging.

SESSION TOPICS:

- Process Engineering
- Product Engineering
- Package Engineering
- Open Innovation
- Regulatory Issues, Safety, Compliance
- Sustainability

Academic, clinical, and industrial researchers are invited to submit their own discoveries. You can also share this invitation with colleagues who might be interested in collaborating. This conference provides a perfect opportunity to share, network, and learn.
