## Message from the Southeast Chair:

April's dinner meeting turned out great. The dinner at Bosco's was wonderful. I particularly enjoyed my salmon cooked on a cedar shingle in their wood fired oven. The speaker Evelyn Bismuth left us with much to ponder regarding natural products in general, what Europe is currently doing and where the United States is heading in this arena.

Your Southeast Chapter officers are looking forward to seeing you all at our June 16<sup>th</sup> Supplier's Day at the National Ornamental Metal Museum in Memphis. Thanks to all of you who have already sent in your sponsorship money and/or door prizes and to those who are planning to do so.

Special thanks to **McCullough and Associates** for sponsoring the cocktail hour.

And a special thanks as well to **ISP** for sponsoring the live music for our evening.

So please plan to join us at the National Ornamental Metal Museum on June 16<sup>th</sup> Suppliers Day just south of downtown Memphis. It won't be as fun without you.

[www.metalmuseum.org](http://www.metalmuseum.org).

"The National Ornamental Metal Museum is the only institution in the United States devoted exclusively to the preservation and promotion of fine metalwork. Unlike ordinary museums, it isn't just a place where art is displayed; it's a place where art is made."

The museum building itself will be open for us to tour until 6:00 pm. The grounds over look the Mississippi river and are decorated in interesting thought provoking metal sculptures and ornaments. Mark your calendars and begin making arrangements to join us for a great evening and as always great door prizes.

See you there!

Stephen Baldwin  
Southeast Chapter Chair
