Message from the Southeast Chair

The year has gone by so quickly. Before you know it we will be having the SCC Annual Scientific meeting in New York.

Our last meeting at the Grove Grill was well attended. It was so fun seeing all of you there. Thanks to Cecilia McGough and her presentation on "The Past, Present and Future of Cosmetic Preservation". Cecilia made a number of interesting points. I thought one of the most important being our responsibility as active members of the cosmetic industry to participate in open dialogue, when ever possible. It is partly our responsibility to help the consumer to understand the role of preservation and product safety. There is so much misinformation out there we should do what we can to help.

As most of you are aware we had to cancel our chapter sponsored Aerosol course due to the illness of our instructor, Mac Bhuta. We are targeting a reschedule in the first quarter of next year. While we were all looking forward to the course this year we look forward to seeing Mac's return to health and the opportunity to learn from him in the coming months.

Instead of the course we will have one more dinner/presentation, October 17th.

"Innovative Formulation Approaches to Deliver Hand Sanitizers with Desirable Aesthetics and Benefits".

By Jennie Kravchenko

In preparation for our last event of the year, Officer Installation, we will be sending out ballots for officer election shortly. We are a pretty small group and we have a lot of fun. If you are interested in helping to govern the chapter we would love to add your name to the ballot. If any of you have interest in running please reach out to me right away.

When you receive your ballot please fill it out and return it in the enclosed envelope.

So come on out October 17th have something to drink, socialize, have a good meal and learn something great about cosmetics. As always I look forward to seeing you there.

Stephen Baldwin
SCC Southeast Chapter Chair
