Message from the Southeast Chair:

I don't think this newsletter has any distribution in Alaska so everyone reading this can commiserate on the heat; 103 as I write this, with an index above 110! In the south, we deal with this annual weather pattern by moving as little as possible, so our next activity will be Sept 22nd at the Memphis Hilton Hotel for a free (for members of the Southeast Chapter) course on "Ingredients for Skin Moisturization and Emollients" taught by Vispi Kanga. There is a fee of \$120 for members of other chapters, or for non-members who complete the SCC membership application and the \$140 membership application fee. It is an all day course, and lunch will be provided.

The October meeting on the 19th will also be a great one with Joe Albanese speaking on experimental design- an often neglected topic. Meeting sponsorships are the lifeblood of these events so please consider a donation; you will be recognized! Make your plans to attend as I'm sure Lisa Sloan will pick us a great venue as usual!

It's also time to think about running for office; the election is coming up soon and the officer installation will be held at the November meeting.

Looking forward to seeing you soon!
